

Teaching Units	Teaching modules	Code	Hours			ECTS
			Course	Practical Work	Total	
Languages	French as a foreign language		20		20	5
Personal Research Project	Writing Report Oral Defense					10
Industrial project	Writing Report Oral Defense			55	55	5

You cannot simultaneously choose the personal research project and the industrial project because of the timetable.

⚠ Important note: you cannot choose courses from different blocks. You must choose courses inside one single block (either Image, Sound and Artificial Intelligence or E-payment and Computer Security)

Image, Sound and Artificial Intelligence						
Group projects and advanced technologies	Intensive project			35	35	5
	<i>Transmission of Information : Compression, Coding*</i>		25		25	
	Total		25	35	60	
Image, Sound and multimedia	<i>Pattern recognition*</i>		22	8	30	10
	Tools for multimedia		4	6	10	
	Geometric analysis and topology for images		9	6	15	
	<i>Advanced image processing*</i>		20	10	30	
	Computer generated Imagery		12	18	30	
Total				115	10	
Artificial intelligence	Stochastic optimization for machine learning		22	8	30	10
	Initiation to deep learning		17	18	35	
	Advanced deep learning		22	8	30	
Total				95	10	

*Courses in italics may partly or completely be taught in French with slides, handouts and examinations in English

**Courses mainly in french
